

Connecting businesses with trade opportunities in California and Brazil

Why join BCCC?

Join members, business, organizations, government agencies, partners and affiliates, which benefit from Chamber's business development, advocacy and cross-cultural programs.

Whether you are a large corporation or a small business, there is a Membership level right for your organization.

How will membership in BCCC help your business?

Membership in BCCC will connect you to influential people, innovative programs, valuable resources and vital information about doing business in Brazil and with Brazilian business community in Los Angeles.

BCCC works tirelessly to provide its members with a first-class entrepreneurial environment to help them grow professionally and succeed in their business.

About BCCC

Our Mission

The mission of Brazil California Chamber of Commerce (BCCC) is to promote business relations and commercial trade between Brazilian entities in California and American entities with an interest in the Brazilian market. In achieving this mission, we keep our members informed on political, social, economic and technological issues that can impact both countries.

Our History

Founded in 1996, the Brazil California Chamber of Commerce (BCCC) has helped to shape business relations and commercial trade between Brazil and California. The Chamber has been a key driver of cross-cultural communication. We have played a critical role in promoting cultural exchanges and social interaction between both countries, and sponsoring activities that stimulate economic opportunities in California, the U.S. and Brazil.

Visit our website and become a BCCC member today!
